One goal for this course is for you to develop your skill in effectively communicating mathematics. With this in mind, you should clearly write up your solutions.

(1) Read chapter 11.

(2) Do exercises 11.2, 11.11, 11.13, and 11.17

(3) Explain why, in Theorem 11.9, we include the assumption that "p does not divide the highest-degree coefficient." Understanding Theorem 11.8, and its proof, could help.

(4) Please bring questions to class on Tuesday.
