(1) In your observations this week pay attention to the wait-time in the classroom. Are there differences in the wait-time given to male and female students? Do you find differences in the wait-time in classrooms of different levels? Note also whether students respond to each other or only to the teacher. Write a typed, 250-300 word description of what you observe.

(2) Read the articles:

(3) Read pages 287–306 in the NCTM *Principles and Standards*.
