Course Description

This is a course in basic algebra and its applications. We'll cover chapters 1, 2, 4 and 5 in the text book. The most important topic will be groups and examples of groups.

Textbook

Numbers, Groups and Codes, second edition, by J.F.Humphreys and M.Y.Prest.

Exams

- Midterm - 7/28, 9:30 am - 11:30 am (on class)
- Final - 8/16, 9:30 am - 11:30 am (on class)

Grading

- Homework - 30%
- Midterm - 30%
- Final - 40%

Your course average will be determined by a weighted average of the graded components above.

Late Homework Policy

A student's homework assignment shall be considered late if it is not turned in to the instructor by the end of lecture on the due date. Late homework assignments may be turned in to the instructor by the end of the first lecture after the due date, but will be penalized 40%. Late homework assignments will not be accepted more than one lecture past the due date.

Missed Exam Policy

No make-up exams will be given. If a student misses an exam, then this student will receive zero credit for that exam. A student must sit the final exam at the scheduled time in order to receive a passing grade in the class.

Disability Support Services (DSS) Statement

If you have a physical, psychological, medical, or learning disability that may impact your course work, please contact Disability Support Services (631) 632-6748 or
