

MAT 562: Symplectic Geometry

Problem Set 2

Due by 09/23, in class

(if you have not passed the orals yet)

Two of the exercises from Sections 1.3,2.1-2.3,2.6 of the main text and/or MS Sections 3.2,3.4,4.1-4.3. You do not need to copy the statements of problems (just indicate clearly what problems you are doing).
